

GUYTON REINFORCING PROJECT TEAM

Paul Morrison

Forman Steelfixer

Paul is a seasoned Steelfixer with a vast portfolio encompassing a wide range of projects. His calm demeanour makes him not only approachable but also an adept leader, enabling him to make sound decisions even in high-pressure situations.

Paul's unwavering commitment to delivering exceptional results fuels his passion for the job. He excels in comprehending the intricacies of construction sites and seamlessly collaborates with various trades to ensure project milestones are consistently achieved. His proficiency in interpreting complex structural details and detail sheets instils confidence in the quality of his work.
